## Don't Get Fleeced

Unless you're willing to accept significantly less than fair market value during a life settlement, avoid direct sales like Covid. The only way to maximize offers is via well-run **auctions** comprised of the **entire** buying landscape (**not** just a single buyer).

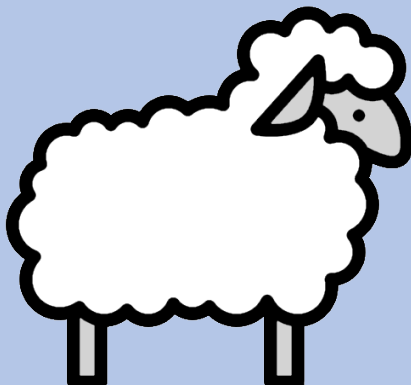

### Myth

Direct sales yield more proceeds for sellers because they eliminate intermediaries.

### Fact

Offers usually **double** (or more) during the course of comprehensive auctions.

*How'd your life settlement go?*

*Take one guess.*
