

Buckeye Life Resources

Fiduciary-minded Life Settlement Brokerage

Life Settlement

The secondary market for life insurance favors **sellers / policy owners** because the amount of capital in the industry exceeds the supply of policies available for sale. If timing's everything, now's the time to sell **unwanted**, **unneeded** or **unaffordable** life insurance policies.

Please contact me to explore your options, including a complimentary, no-obligations policy valuation.
