

Buckeye Life Resources

Fiduciary-minded Life Settlement Brokerage

About

Buckeye Life Resources (BLR) is a life settlement brokerage based in suburban Cleveland. The company was formed to offer Ohioans an adept, trustworthy and in-state resource for the sale of their life insurance policies in the secondary market.

BLR's guiding principle stems from the concept of fiduciary duty, which means the company promises to act in the best interests of the policy owners and sellers it represents.

Fiduciary duty: *An obligation to act for the benefit of another party. The highest standard of care in law, centering on good faith, loyalty and trust.*

Please give BLR the opportunity to earn your life settlement business and prove that its emphasis on fiduciary duty isn't mere talk.

What role does BLR serve ?

Buckeye Life Resources is a boutique life settlement brokerage that represents sellers of in-force life insurance policies in the secondary market (with no ties or allegiances to buyers in the space). The company's overarching goal is to earn a lasting reputation for competent and trustworthy dealings in the life settlement industry, contributing to its image in only positive ways.

Why use BLR ?

Focused solely on life settlement brokerage, Buckeye Life Resources is highly proficient and results-driven with a steadfast commitment to the concept of fiduciary duty, so it abides by the Golden Rule at every turn. BLR further stands apart from competing life settlement brokers because it's rooted and domiciled in Ohio, which facilitates unrivaled levels of service.

Value proposition

BLR offers superior expertise and service relative to other life settlement brokers while charging less than industry norms, resulting in maximum proceeds for sellers.
